Process & terms

Photography

1. Booking

A photo shoot is only definitively confirmed once written agreement has been received by e-mail on the quote, and once a deposit of 30% of the total amount has been received in the bank account. Until both conditions are met, the reserved date remains provisional and is not guaranteed.

2. Final invoice

Two weeks before the photo shoot, you will receive the final invoice. This must be paid in full no later than one day before the shoot begins.

3. Preperation

Once the photo shoot has been fully confirmed, you will receive a practical checklist. This allows you to prepare every step with confidence, so that together we can aim for the best possible result.

4. On location

To optimise the composition and visual impact of the photography to a professional standard, the spaces being photographed may be temporarily rearranged during the shoot. Everything is carefully restored to its original state afterwards.

5. Post-production

The photo shoot is followed by post-production: a careful selection of the images and their digital development. I curate the images for you into a strong, coherent and narrative photo series that best captures the atmosphere and character of your property.

6. Delivery

You will receive the images within a maximum of 14 days, via a secure, password-protected online gallery. Through this gallery, you can download the photos in both high and low resolution, in line with the usage terms of the licence granted to you. This licence can be extended on request, but is sufficient in its base form for the intended use.

7. Logo watermarking

On request, the images can be marked with your logo. This is offered as a free service, so that the rightful user of the images is always clearly identifiable.

8. Storage

To limit the risk of loss, final images are kept on my servers for a period of one year. This ensures the images remain available during this period, should the need arise.

9. In house editing

All editing is carried out entirely in-house. Your photos are not forwarded to any third party for processing, and no artificial intelligence is used during the editing process.

10. Nature of the service

My services constitute an obligation of best effort, not an obligation of result. I bring my full expertise, experience and care to achieve the best possible outcome; however, as taste and visual preference are inherently personal, a specific end result cannot be guaranteed. You choose my services precisely for my style and signature, as reflected in my portfolio.
